

IntelliHub

Your gateway to the Silux Control® network

Product Overview

The IntelliHub® controls your schedules /scene's and so much more. It gives you real-time feedback on all your devices. You are capable of creating many types of scenes and situations using your devices with the IntelliHub®.

It can be remotely controlled from anywhere in the world via your Silux Control® app software, as well as complete Cloud data storage. The IntelliHub® allows multilevel user control with administrator and multiple guest type accounts settings.

Features:

- Remote cloud connectivity
- Scene & schedule control
- Real-time network feedback
- Cloud backup and restore
- Hubcentric Topology management
